

Technical drawing of a horizontal beam assembly. The top view shows a beam with a central rectangular cutout. Dimensions include a total length of 800, a distance of 70 from the left end to the start of the cutout, and a distance of 1247 from the left end to the right end. Labels include "φ20電源用K.口" (φ20 power supply K. port) pointing to a hole on the left, "5" in a circle pointing to the cutout, and "2-12X20ボルト用K.口" (2-12X20 bolt K. port) pointing to a hole on the right. The bottom view shows the beam with multiple horizontal lines and a central vertical line, with a dimension of 1247 from the left end to the right end. A label "4" in a circle points to the bottom view.
